

How to choose the letter to make

1. Choose one letter to make:

Click Start Pt. to choose letter R. Then find the node at a corner to click. The whole letter "R" will be chosen.

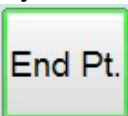

Pic.1

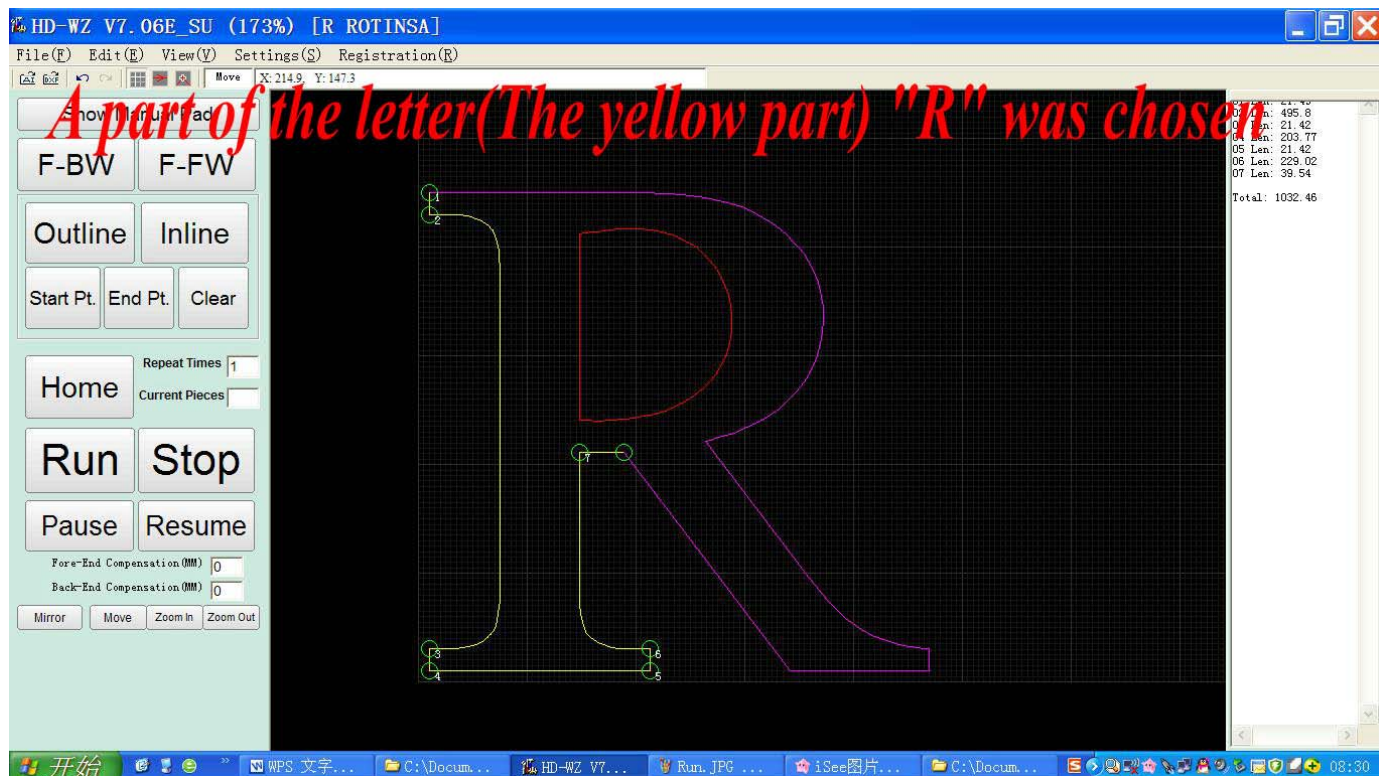

2. Choose a part of a letter to make:

Firstly click "Start Pt." , find the node at a corner to click as the starting point, And then "End

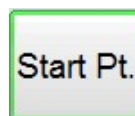

Pt." . Find the node at a corner to click as the ending point. Like the Pic.2 showed,

Pic.2

3. Choose more than one letters to make:

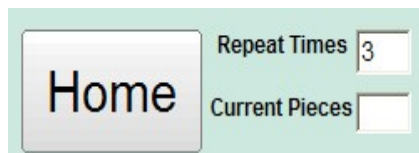

If you want to make 2 or more letters at one time, just click Start Pt. and choose all letters you want to make one by one. Like the Pic.3 showed,

Pic.3

4. Choose a letter and make mutiple times:

If you want to make a letter 2 or more times, input the repeat times. Like the Pic.4 showed, For example, if you want to make the letter “R” 3 times. Firstly choose the letter “R”, and then input a value 3 from Repeat Times.
